DEAR FLANAGAN I hopes the best for you. I writing you for your help. First I want to thank you for sending me here for help. Second I want to thank you for making it clear for me to understand what is important in life and who I am. I had not yet to get a chance to read my sentence report. The person that did my paperwork told me that I was in need of my sentence report to ask for objects. He said that I can not give objects if I had not got the report and not read it. Mr. Hosford say I could not have understood it so I did not and still have not read it. I want the chance to read the report and ask for objects that need made. Hope I did not upset you with this letter. Some things I done upset you before. I want to thank you for making my time spent in prison the worst and scary time I have ever lived. Every day at the prison I knew my <sup>life</sup> day was coming to an end. There was a guy that went in front of you and got killed at that prison. That made my eyes see very far in what is important in life. I do not waste no more of your time so I will end with thank you for all you have done in my life.
